20 Years With Heart Trouble

"Dr. Miles' Heart Remedy has cured me of heart disease of over 20 years' standing. I was so bad that I could not do my work, and could scarcely draw a full breath without fainting or smothering. The doctor told me he could do no more for me; then I commenced taking the Heart Remedy. I shall never forget that night. I slept better than I had before in months. I kept right on getting better, until I was perfectly well."

MRS. LAURA RUSSELL,
Logan, Iowa.

When the heart action is weak, it fails to pump the blood through the lungs with sufficient rapidity. Then the lungs do not absorb the proper amount of oxygen, although they may be taking in a normal amount of air. The result is shortness of breath, smothering spells, difficult breathing, oppressed feeling in chest. Dr. Miles' Heart Remedy strengthens the heart nerves and muscles, and in this way increases the circulation.

HANDS OUT ROAST FOR NIGHT RIDERS

SHELBY JUDGE ORDERS GRAND JURY TO INDICT THEM.

Eight Bishops Will Meet in Cincinnati to Choose Bishop McCloskey's Successor Today.

FRESH NEWS FROM THE STATE

Shelbyville, Ky., Oct. 13.—Judge Charles E. Marshall's charge to the grand jury, at the opening of the Shelby circuit court for its fall term, was one of the most forceful ever delivered from this bench in his strictures on "night riders." He declared himself heartily in favor of the farmers pooling their interests to a right given them under the law but he added with strong emphasis that "no man or set of men has any right to say to any other man or set of men, you must do this or you must do that, on pain of having your barn burned or your crop destroyed."

Coercion of this character he denounced as most dangerous to the peace of the commonwealth than the man who slips into a house at night and stabs his victim to death.

Judge Marshall cited a number of outrages which had been perpetrated in various sections of Kentucky, and charged that the reason the criminals had not been brought to justice was either a dereliction on the part of the grand jurors to their sworn duty or their sympathy with the raiders in which event he declared, with solemn emphasis, the jurors, thus swayed by their personal predilections were guilty of a more heinous offense against the law than the criminals themselves.

He scouted the idea that it was impossible for an intelligent grand jury to discover the identity of some members of a large body of men riding the country and terrorizing the population, and charged that the failure to do so had been due to cowardice on the part of the jurors, and the witnesses summoned before them.

Judge Marshall expressed the opinion, in conclusion, that if the present grand jury would do its full duty there would be no danger of any depredations of this character being committed in Shelby county. His charge made a marked impression on the jurors and on the audience which crowded the court room, many of the latter being tobacco raisers who were in town to attend the big rally held in the afternoon.

CURES ECZEMA QUICKLY.

New Discovery Has Revolutionized the Treatment of Skin Diseases.

Nothing in the history of medicine has ever approached the success of the marvelous skin remedy known as poslam, which, it is safe to say, has cured more cases of eczema and skin diseases than any remedy ever offered for these ills.

The success of poslam is not at all surprising when it is considered that even a very small quantity applied to the skin stops itching immediately and cures chronic cases in two weeks. The very worst cases of eczema, as well as acne, herpes, tetter, piles, salt rheum, rash, crusted humors, scaly scalp and every form of itch, yield to it readily. Blemishes such as pimples, red noses, muddy and inflamed skin disappear almost immediately when poslam is applied, the complexion being cleared over-night.

Every druggist keeps both the 50-cent size (for minor troubles) and the \$2 jar, and either of these may be obtained in Paducah at Gilbert's or R. W. Walker & Co.'s, as well as other reliable drug stores.

But no one is even asked to purchase poslam without first obtaining an experimental package which will be sent by mail, free of charge, upon request, by the Emergency Laboratories, 32 West Twenty-fifth street, New York City.

COTTON GROWERS FLOCK TO HICKMAN MARKET.

Gins Swamped, and Good Prices Paid for the Produce.

Hickman, Ky., Oct. 13.—The cotton growers flocked to Hickman on Saturday with all the cotton that they could possibly get there. Owing to the competition and the prevailing high prices, the gins are literally swamped. The wagons began arriving at an early hour and it was a late hour in the afternoon before the life of those waiting to unload was broken. The prices soared Saturday to \$4.60 and \$4.65, the highest prices ever paid in this county, and the highest prices paid since the Civil War. The J. F. & S. L. Dodds Co., received one load Saturday for which they paid \$167. Their receipts for the day were 74 wagonloads, aggregating \$6,720 pounds, paying out \$3,902.40. The Farmers' Gin and Grain company's receipts were 55 loads, making 70,000 pounds, paying out \$2,185. These two cotton gins paid out \$7,087.40 for cotton on Saturday, not considering the corn that was bought by these companies. This was one day's business, and a few years ago cotton was an unknown quantity in this county.

El Paso, Tex., Oct. 13.—With thousands of flags and countless yards of bunting fluttering in the breezes, while armies of decorators are still at work, Juarez and El Paso are almost ready to welcome the presidents of the United States and Mexico.

Juarez is crowded with troops, the flower of the Mexican army arriving last night.

Ignacio Mariscal, secretary of the department of foreign relations of Mexico, arrived in Juarez yesterday and took general charge there.

Gen. A. L. Myer, U. S. A., commanding the department of Texas, with his staff and 3,000 troops from Fort Sam Houston will arrive Friday.

Immediately after his arrival the general was in conference with the local committee and the chief of the United States secret service. It was decided to make a slight change in the route of President Diaz as he comes to El Paso, so as to give the population a better opportunity to meet him.

MY NAME IS CZOLGOSZ

Said Man Who Insisted on Being Locked Up at Los Angeles.

Los Angeles, Oct. 13.—"Lock me up; I don't want to be shadowed all day," said a clean-looking, well-dressed laboring man who walked into Los Angeles police headquarters alone.

"What do you want to be locked up for?" asked the captain in charge. The man hesitated, glanced about to see that he was not overheard and said quietly: "My name is Czolgosz." It was the police captain's turn to hesitate, but he caught himself quickly.

"Well, go over there and sit down," he said. And so it happened that the brother of the man who died for having robbed the nation of the life of one of its presidents voluntarily sat in a police station while President Taft was driven through the streets.

Aside from his relationship to one whose name is mentioned only in shame, the man has nothing about his life which he need hide.

SOLD GOLD IN TEETH TO GET MONEY FOR JOURNEY.

Dentist Trying to Reach Bedside of His Dying Mother.

Kansas City, Oct. 13.—After having traveled from Chicago on money he obtained from selling gold from his teeth, Dr. George Severs, a dentist, arrived here last night and departed for Denver on his way to San Francisco. Severs is attempting to reach the bedside of his sick mother.

Severs has a ticket to Denver and one gold bridge and two gold crowns left in his mouth. On these assets he hopes to reach his mother's bedside before she dies.

News of Severs' mother's illness reached the dentist in New York when he had no money. He sold his dental implements, but did not realize money enough to buy a ticket to the coast. In Chicago he induced a dentist to pull his gold-filled teeth and buy them. Then he invested the money in ticket.

Many a true word has been spoken regardless of grammar.

Answer This Question

When shown positive and reliable proof that a certain remedy had cured numerous cases of female ills, wouldn't any sensible woman conclude that the same remedy would also benefit her if suffering with the same trouble?

Here are two letters which prove the efficiency of Lydia E. Pinkham's Vegetable Compound.

Red Banks, Miss.—"Words are inadequate to express what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered from a female disease and weakness which the doctors said was caused by a fibroid tumor, and I commenced to think there was no help for me. Lydia E. Pinkham's Vegetable Compound made me a well woman after all other means had failed. My friends are all asking what has helped me so much, and I gladly recommend Lydia E. Pinkham's Vegetable Compound."—Mrs. Willie Edwards.

Hampstead, Maryland.—"Before taking Lydia E. Pinkham's Vegetable Compound I was weak and nervous, and could not be on my feet half a day without suffering. The doctors told me I never would be well without an operation, but Lydia E. Pinkham's Vegetable Compound has done more for me than all the doctors, and I hope this valuable medicine may come into the hands of many more suffering women."—Mrs. Joseph H. Dandy.

We will pay a handsome reward to any person who will prove to us that these letters are not genuine and truthful—or that either of these women were paid in any way for their testimonials, or that the letters are published without their permission, or that the original letter from each did not come to us entirely unsolicited.

What more proof can any one ask?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.
